

**This container is a**

# **GEOCACHE**

**Congratulations, you've found  
it!**  
(Intentionally or not!)

This container is part of a worldwide game called **Geocaching** which is played with a handheld GPS (Global Positioning System) unit and the Internet. It's like a scavenger hunt. A **Geocacher** hides a "cache" (this container), and publishes the exact coordinates on the **Geocaching.com** website so other GPS users can come on a "treasure hunt" to find it.

## **IF YOU FOUND THIS CONTAINER BY ACCIDENT:**

Great! You can join our game!

But we ask that you:

- Don't move or vandalize the container. The real fun is finding it and leaving it to be found by others.
- Take something inside if you like. But be sure to leave something in return. (Nothing harmful, illegal, or edible please. This is a family-friendly activity)
- Write about your visit in the logbook.

And let us know you found this by visiting the website below. **Geocaching** is for everyone with a sense of adventure. There are several thousands of **Geocaches** around the world. Visit our website if you want to learn more, or have any comments:
